

**DÉCLARATION DE CONFORMITÉ CE DES MACHINES (IIA)**  
(Traduction du document original)

**V O L V O**

Par la présente, Volvo Construction Equipment déclare que le produit désigné ci-après :

|                                                  |                                      |
|--------------------------------------------------|--------------------------------------|
| Fabricant                                        | :Volvo Construction Equipment GMBH   |
| Adresse                                          | :Max-Planck-Str. 1, 54329 Konz-Könen |
| Pays                                             | :Germany                             |
| Catégorie                                        | :Engins de terrassement              |
| Marque                                           | :Volvo                               |
| Type                                             | :Chargeuse sur pneus                 |
| Modèle                                           | :L30G                                |
| Puissance [kW]                                   | :55,4                                |
| Niveau de puissance sonore représentatif [dB(A)] | :100.0                               |
| Niveau de puissance sonore garanti [dB(A)]       | :101                                 |
| PIN                                              | :VCEL30G0V03128513                   |

En conjonction avec

Type :---

Modèle :---

n° de série :---

dans l'état dans lequel il a été mis sur le marché, et excluant les composants ajoutés et/ou les modifications apportées, répond aux exigences fondamentales en matière de sécurité et de santé définies par:

|                                                |            |
|------------------------------------------------|------------|
| Directive CE "Machines"                        | 2006/42/EC |
| Directive CE "Bruits extérieurs"               | 2000/14/EC |
| Directive CE "Compatibilité électromagnétique" | 2014/30/EU |

et leurs amendements liés aux machines ainsi que toute autre directive applicable

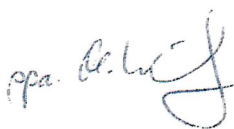

Normes harmonisées applicables :

|                                             |                         |
|---------------------------------------------|-------------------------|
| Engins de terrassement - Sécurité- Partie 1 | EN 474-1:2006+A5:2018   |
| Engins de terrassement - Sécurité- Partie 3 | EN 474-3:2006+A1:2009,, |
